About Us

Established in the year **1991**, we, **Chetan Agro Industries**, are a noted organization engaged in manufacturer and exporting an optimum quality assembly of **Oil Expeller, Oil Mill Plant And Machine, Oil Press, Decorticator Plant And Machine, Filter Press, Oil Extraction Machine, Manual Peanut Shelling Machine and many more.** The offered array is in line with internationally laid quality norms as these are manufactured using high quality raw material, sourced from the most reputed vendors of the industry. Further, to ensure that our offered products are designed as per the requirements of requisite industry, we make use of modern machinery and latest technology installed at our sound infrastructure. We have experienced quality controllers who watch the whole manufacturing process and rectify the error at the time of its occurrence.

Our teammates personally interact with patrons and get the clear idea of their actual requirements. Further by utilizing their skills and our resources they strive to provide them the offered array accordingly so as to ensure their higher level of satisfaction. In addition to this, these teammates also look after the infrastructure so as to ensure that we don't face any trouble in the production process.

With the support of our manager, “**Mr. Chetan Chauhan**”, we are able to cater to the varied requirements of patrons. He is known for his ethical business policies and deep industrial...
